The Story Behind the Game

Frank Mugnolo is an Italian American who was born in Chicago and the first in his family to graduate from college. Frank is a certified public accountant, a promoter, a business man and a table game inventor. Recently his attention has turned to creating the ideal bet for Craps and

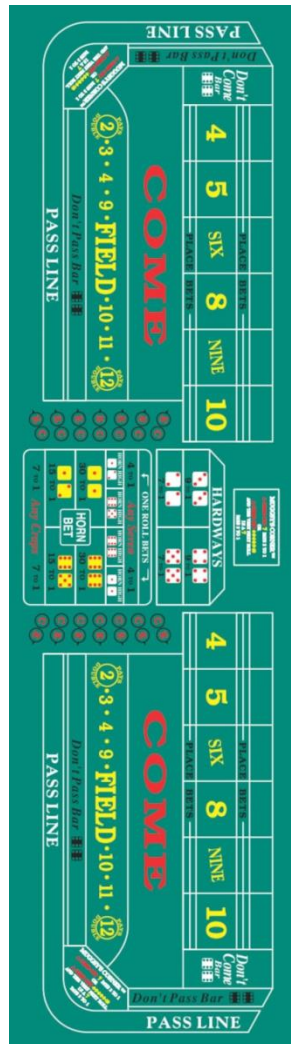

Roulette. Fast forward to today, Muggsy's Corner™ and 2G'\$™ are ready to make their debut in Las Vegas!

As with every success story, it does not happen overnight. Frank faced many challenges while creating Muggsy's Corner™ and 2G'\$™. The process took time and patience to get the games from a napkin to the casino floor. Frank surrounded himself with a team of dedicated professionals to assist in this process. It's true what they say: "the harder you work, the luckier you get". Frank's hard work has turned into a success story now that the Gold Coast Casino will be installing both Muggsy's Corner™ and 2G'\$™ in their casino.

It's an exceptional endeavor to create two patented games that are placed in a casino. The creativity and preparation that has been put into Muggsy's Corner™ and 2G'\$™ shines through as these games begin to make their way across the nation.

The manufacturer named in the Report is solely responsible for possession of the appropriate license to sell, lease, service, or provide gaming supplies or gaming-related services in the Jurisdiction and for compliance with the ongoing requirements of the Jurisdiction. It is the responsibility of the manufacturer and operators to ensure that the gaming product detailed in this Report is installed, maintained and operated correctly without defects and safely in accordance with requirements of the Jurisdiction.

This Report is issued solely for the benefit of the client and shall not be reproduced, reprinted, or transmitted in whole or in part to any party not named in the Report without the written approval of BMM, other than by a regulator of the Jurisdiction. No third party may use, rely, or refer to the Report, its contents, or any related documents, without written permission of BMM. If BMM grants consent, BMM will send this Report via email as directed. BMM takes precautionary measures to secure the "PDF" document, but BMM does not send the email via any encrypted methodology.

The undersigned certifies under penalty of perjury that the compliance testing of the gaming product detailed in this Report and any accompanying documents was conducted in accordance with the requirements of the Jurisdiction and that the gaming product meets the requirements of its laws and the regulations adopted thereunder, and all published technical standards, control standards, control procedures, policies, industry notices and similar requirements implemented or issued by the Jurisdiction to the best of BMM's knowledge and belief.

Notwithstanding the above, any regulator may reprint, reproduce and transmit any document or information to any party that the regulator, in their sole discretion, deems appropriate.
